Chloe Robinson & Contact info	4

Thanks to all those who attended the Town Hall

One of the best ways to have your opinion heard is to come attend our town hall meetings. This year we had one of our largest turnouts. Thank you all for coming and participating in your local politics!

We appreciate you!

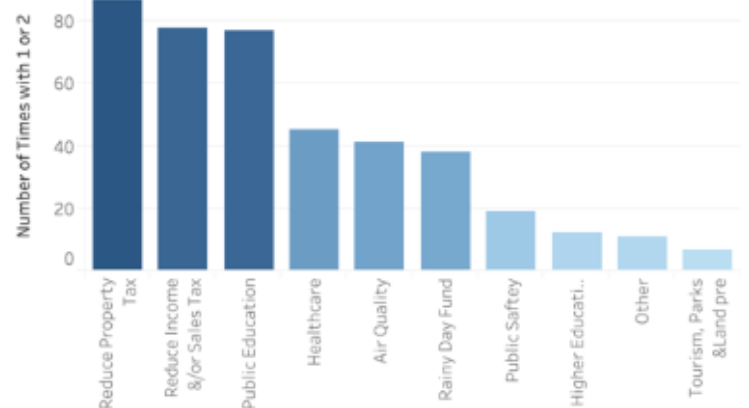

Thank you for your survey response

Survey Results

Showing the results of the survey we were able to use the data received from each of you to best determine how I will vote during the session.

Revenue Priorities

Week 4 Update

Congressional Delegation Visits Caucus

Throughout the session we are visited by members of our federal delegation. On Tuesday, Senator Mike Lee spoke to our caucus. On Thursday, we were visited by Congressman Ben McAdams and Congressman John Curtis.

Honoring Hondo

Last week, K9 Hondo with Herriman City Police was killed in the line of duty. The House was pleased to honor him and his handler, Sgt. Ricks, with over 33 officers and their K9 partners.

Vaping in Schools - HB 58

This week the House passed HB 58 Electronic Cigarettes in Schools Amendments (70-0-5) which addresses student use of alcohol, tobacco, and electronic cigarette products through education, prevention, and discipline programs. Today, over 12% of Utah's youth actively vape. We are working to combat this crisis and keep our kids safe and healthy.

My Legislation-HB 219

HB- 219 Mental Health Amendments

This bill aids in the treatment of those persons with serious mental health issues. Previously there was a limit on the number of beds that an institute could have for the treatment of mental health, this bill seeks to change that.

This bill passed the House on February 20th.

AT THE CAPITOL

All Girls Robotics Team

This last week the Capitol was visited by several student robotics team. I was able to meet an all girls robotics team with team members from our community. Team members aged 12-16 who created programs and train their robot to complete several challenging tasks in order to win prizes.

Teen Council on Planned Parenthood

This council of high school students from various schools in Salt Lake County met with me to discuss topics that were very important to them. I'm always happy to see youth taking part in the legislative process.

Chloe Robinson

We were visited this week by Chloe Robinson, a constituent from Taylorsville that scored a perfect ACT Score. On Wednesday Chloe lead the House in the pledge.

Come join me on the House floor during the session email or call my intern at agarside@le.utah.gov or (385) 479-5062 to schedule a day
